

Have You Considered **Precepting Future Nurse Practitioners?**

The College of Nursing Needs You.

**Work toward
earning your
advanced degree
through a statewide
tuition waiver
program for
preceptors.**

The College of Nursing has several openings for Preceptors in the graduate program. Would you consider becoming a UCF Preceptor?

Precepting UCF nurse practitioner students has many benefits:

- Earn hours toward re-certification
- Earn 6 credit hours toward continuing education courses at state universities* in Florida (for every 300 hours of precepting) — work toward earning your advanced degree through precepting
- Become eligible for a courtesy faculty appointment, gaining access to library resources such as online journals and phone apps
- Receive invitations to the College of Nursing continuing education programs
- Contribute to nursing's future with students vetted by UCF, ensuring a good fit for your organization

* Most State University System of Florida programs accept tuition waiver certificates
