Professional Experience

- Healthtrust Workforce Solutions Travel RN/Local Agency* May 2021 – July 2022
- Responsibilities include the delivery of emergency services for multiple HCA hospitals including the Level 2 trauma center in all aspects of the nursing process. Being a resource throughout the hospital through collaboration in rapid response teams, ultrasound guided intravascular access, and sepsis coordination of care. Managing and treating Intensive Care ESI level 1 patients who require multiple resources such as: airway management, ventilator support, vasoactive medications, invasive monitoring, chest tube placement, and sedation.
- Orlando VA Medical Center Float Pool Registered Nurse* February 2019 – June 2022
- Responsibilities include the delivery of medical services for veterans in all aspects of the nursing process. Serving as a charge nurse aligning the goal of leadership with direct patient care, being a liaison to emergency medical services (EMS) and the facility. Designated preceptor for nurses transitioning to the emergency department from various specialties. Providing ultrasound guided vascular access to those with poor vasculature, being a member on the Unit Nurse Practice Council and Clinical Practice Council. Flexibility in care is a major part of this position attending to veterans with complex medical, physical, and psychosocial needs.
- Saint Cloud Regional Medical Center E Paramedic/Registered Nurse* May 2017 – February 2019
- Responsibilities include the delivery of emergency services for the local community in all aspects of the nursing process. Being a resource all over the hospital through collaboration in rapid response teams, intravascular access, and sepsis coordination of care. Managing and treating Intensive Care ESI level 1 patients who require multiple resources such as: airway management, ventilator support, vasoactive medications, invasive monitoring, chest tube placement, and sedation. Previously a designated preceptor for the unit and serving as the Unit Nurse Practice Council Chair developing strategies to increase patient safety, provide high levels of care, and promote staff satisfaction

American Medical Response EMT- Paramedic

April 2015 – May 2017

- Responsibilities include the delivery of emergency response and transport for the citizens of Orlando. Responded to a variety of 911 service calls that included trauma and complex medical cases requiring multiple interventions such as: cardioversion, defibrillation, needle decompression, ventilator management, medication administration, and airway management including intubation. Additional responsibilities included coordinating services for Stand-By events for the community and responsibilities as a transport paramedic connecting regional hospitals to higher level facilities.

Volunteer Work

The UpperRoom Sanctuary, Kissimmee, Fl.

January 2010 – Current

- Responsibilities include being a part of ministry leadership team through discipleship and community outreach. Assist with youth program through fundraising, supporting events such as annual visits to Disney's Night of Joy. Associate of ministry filling in for music ministry through playing piano, audio support, and pastoral care as needed. Visitation is a major part of this role through outreach at the hospital and member's homes.

Student Nurses Association, Cocoa, Fl.

January 2016 – 2017

- Responsibilities included community outreach events, fundraising, community education, and representation at the state/national conferences as a delegate. Ability to assume leadership in authoring UCF Cocoa's chapter first national resolution being passed by the house of delegates and being a member of the BTN Cocoa's chapter first recipient of the national BTN award. Creation of a mentorship program in which junior nursing students receive free tutoring on difficult first year classes, student tutor for nursing pathophysiology.
