

HANNAH D. BINDING

347 Brentwood Club Cove, Longwood, FL • Phone: 720-474-2102 • Email: hannahbinding@gmail.com

OBJECTIVE

I am a registered nurse with more than 10 years of acute care nursing, including medical-surgical, cardiac, neurology, pediatric emergency, diabetes education, adult and pediatric chronic conditions care management, clinical education, and full-time didactic, clinical, in-person, and online nursing faculty experience. I am seeking a new professional nursing opportunity with continued personal learning and professional growth utilizing my Doctor of Nursing degree. I am confident in my desire and ability to be successful in any nursing role, specifically higher education, as this is a passion of mine.

PROFESSIONAL EXPERIENCE

Nursing Faculty – Lecturer [August 2024](#)

University of Central Florida

As a faculty member in the College of Nursing, I am committed to employing diverse teaching modalities that align with the university's vision and mission. My approach emphasizes utilizing effective teaching strategies, modeling essential learning skills, and fostering a student-centered learning environment to enhance engagement and promote academic excellence.

Nursing Faculty- Adjunct [November 2023](#)

Purdue University-Online

As an instructor in the Graduate level nursing programs. I am responsible for employing diverse teaching modalities that align with the university's vision and mission. My approach focused on utilizing effective teaching strategies, modeling essential learning skills, and creating a student-centered learning environment to enhance engagement in the online synchronous environment. During my weekly live, synchronous learning sessions, I ensure a strong connection between class session objectives and course performance. My contributions extended to curriculum development and assessment within my specific teaching area. I maintain a consistent internal and external classroom presence to support students' academic journeys.

Registered Nurse (RN) [April 2023-Present \(PRN\)](#)

Orlando Health Medical Center – Longwood, FL

As a Registered Nurse in the pediatric and adult emergency department, I am responsible for the immediate treatment of any medical or surgical emergency, initiating lifesaving procedures in all types of emergencies, and providing emergency care for other conditions, including chronic medical conditions and minor illnesses and injuries. My role as a clinical RN ensures that the education and instruction I provide as faculty are current and up to date as the healthcare of the nursing profession is constantly changing.

Nursing Faculty [December 2021](#)

Rasmussen University – Orlando, FL

I was the course lead for Medical-Surgical Nursing II and Fundamentals of Nursing courses. Additionally, I teach the Contemporary Issues in Nursing course for the online Bachelor of Science in Nursing program. I am responsible for employing diverse teaching modalities that align with the university's vision and mission. My approach focused

on utilizing effective teaching strategies, modeling essential learning skills, and creating a student-centered learning environment to enhance engagement. I regularly conducted live, synchronous learning sessions, ensuring a strong connection between class session objectives and course performance. My contributions extended to curriculum development and assessment within my specific teaching area. I maintain a consistent internal and external classroom presence to support students' academic journeys.

Registered Nurse (RN) Clinical Educator September- December 2021

Advent Health – New Smyrna Beach, FL

As a Clinical Educator, I apply adult learning principles along the novice-to-expert continuum to develop and coordinate healthcare staff programs at Advent Health. I ensure compliance with required orientation documentation and evaluate orientation processes based on healthcare trends, and organizational objectives. My role involves planning, implementing, and coordinating training for new and experienced clinical staff, including performance coaching, evaluation, and growth plans in collaboration with nurse leaders. I actively contribute to staff development through educational programs and serve as a positive change agent for various departmental, campus, and system initiatives and leadership activities. Additionally, I facilitate a supportive academic partnership for students by ensuring proper placement and a positive learning experience within the facility.

Registered Nurse (RN) – December 2016- September 2021

Kaiser Permanente- Aurora, CO

As a Registered Nurse at Kaiser Permanente, I worked with the Department of Population Health for more than 4 years, I was responsible for the acute and chronic management and diabetes education of patients aged 18-100. I was also responsible for the triage and medication titration/management of pediatric and adult patients, from birth onwards, as they needed to be transitioned to a higher level of care. In addition, as a specialized telephonic triage nurse, I was responsible for speaking to patients via phone and e-mail, providing them with medical advice, and evaluating, and assessment of their symptoms and needs while consulting and collaborating with emergency physicians and advanced practitioners as indicated to ensure patient safety and that they always received high-quality care.

Registered Nurse (RN) October 2020- April 2021 (PRN)

Sky Ridge Medical Center - Lone Tree, CO

As a Registered Nurse in the level two trauma pediatric and adult emergency department, I am responsible for the immediate treatment of any medical or surgical emergency, for initiating lifesaving procedures in all types of emergencies, and for providing emergency care for other conditions, including chronic medical conditions and minor illnesses and injuries.

Registered Nurse (RN) – December 2015- May 2017

Children's Hospital Colorado- Aurora, CO

As a Registered Nurse in the level one trauma pediatric Emergency department, I am responsible for the immediate treatment of any medical or surgical emergency, for initiating lifesaving procedures in all types of emergencies, and for providing emergency care for other conditions, including chronic medical conditions and minor illnesses and injuries.

Registered Nurse (RN) – August 2014 – December 2015

Littleton Adventist Hospital – Littleton, CO

As a Registered Nurse on the telemetry unit, my job responsibilities included monitoring rates and rhythms, giving antiarrhythmic medications, treating heart/ neuro conditions, post-catheterization care, and monitoring patients before, during, and after invasive procedures.

Certified Nursing Assistant (CNA) May 2013 – July 2014

Sky Ridge Medical Center - Lone Tree, CO

Anesthesia Technician/Certified Nursing Assistant (CNA) May 2012 – June 2014

Children's Hospital of Denver - Aurora, CO
