

Elizabeth (Betty) Myrick MSN, RNC-OB, C-IAP, C-EFM

SUMMARY

Nursing has given me the personal experience of developing strong leadership and problem-solving skills. As I have developed a passion for teaching and obstetrical care, I hope to guide others positively by sharing my clinical experiences. My mission is to use strong team building and communication skills to effectively demonstrate approaches to patient care and patient relationships. I intend to guide others in nursing so they may find their passion for this specialty.
